New volunteer desk installed at Discovery Center

On Saturday, November 18th the volunteer area of the museum received a makeover! As part of his Eagle Scout badge, Y.E.S. volunteer, Jed Wooldridge designed, built and installed a new volunteer check-in desk. The new desk includes drawers for volunteer nametags, lockers, a dry erase board, hooks for volunteer aprons and coats, a cork board, a photo display area and a countertop for sign-in sheets, announcements and volunteer snacks. Thank you, Jed!
