

JANUARY VOLUNTEER NEWSLETTER

2017 - The Year in Review

We started the year in a galaxy far, far away, traveled to Japan over the summer and wound up exploring comets, asteroids and meteors at *Great Balls of Fire*. Through it all, we had fantastic volunteers who make it all possible. From making Yoda headbands to scooping ice cream, from demonstrating wind columns to face painting, from hiding eggs to making star charts, from sprucing up the outdoor park to helping at summer camps, from making stomp rockets to passing out eclipse glasses, from blowing bubbles to mixing glow in the dark slime, and from launching pumpkins to sweeping up confetti, we couldn't do it without you! Thank you to the 633 volunteers who gave over 4,400 hours to Discovery Center Museum in 2017!
